

Dear FCC representatives,

My wife and I are writing you in support of the K-Love radio station which is broadcast in Hampton Roads, Virginia at 90.7FM. K-Love radio is our favorite station and has positively impacted our entire family for many years. Please do not allow a LPFM broadcaster to replace K-Love. K-Love is very unique in it's family-focused, Christian programing and benefits all of our communities. Thank you for your consideration.

Sincerely,

Steve & Yvette Crawford
